THE CENTRO MESSÉGUÉ TISANES

GLUTEN
FREE

The tisanes are concentrations from 100% Natural plants to be diluted in water and drunk as a tea, guaranteed by the Centro Mességué brand, which for generations has been synonymous natural well-being. They contain only medicinal herbs without alcohol and sugars, and therefore can be associated with any kind of diet.

The Centro Mességué tisanes are useful for the body's well-being, plus they have a great flavour. They can be effectively used to prevent imbalances, deficiencies, excesses and general indispositions, before they turn into real pathologies.

The dosage and concentration of the active ingredients and plants contained in the Centro Mességué tisanes are perfectly balanced, and make them practically free from undesired effects and appropriate for everyone, but should not be taken by pregnant and breastfeeding women.

WELL-BEING AND NATURE

PURIFIED AND CLEAN INSIDE, TO IMPROVE THE EXTERNAL APPEARANCE AS WELL.

The Centro Mességué tisanes are concentrations of 100% natural plants to be diluted in hot or cold water, according to the liking, and drunk during the day. Signed and guaranteed by the Centro Mességué brand, which for generations has been synonymous with natural well-being and herbal science.

ONLY "NATURE" TO DRINK!

They contain only medicinal herbs without alcohol, sugars and preservatives, and therefore can be associated with any kind of diet. The Centro Mességué tisanes are useful for the body's well-being, plus they have a great flavour.

THERE IS EVEN LOVE INSIDE...

The love for nature of the Centro Mességué products whows above all in the special attention and respect with which the plants are processed or indeed any part of the single plant. In fact, to get the maximum of the active ingredients, and thus efficacy, we choose a different type of extraction for leaves, petals, buds, roots or bark using tisanes, infusion or maceration. A long and expensive work, but the results are concentrated and precious tisanes that make us proud.
